## ADDENDUM-01

Herewith please find Tender Addendum-01 which forms an integral part of the tender MKHO35/2022/23 which seeks to address and give clarification to the following:

- *In relation to the above contract MKHO35/2022/23, under "Section 7" we have identified the duplication of statements that may cause confusion if left in the current form; therefore, the following amendment applies: Section 7.1.2.b is removed.*
- *Furthermore we give clarity in terms of "single OEM Architecture": Bidders are required to work with the respective OEM(s) of their choice for the SD-WAN / VoIP solution components, to the extent that the particular OEM endorses the designs contemplated under Section 6.2 of "Technical Evaluation"; and such that the components outlined in the "Pricing Sections B,C, and D" receive OEM endorsement i.e. that the proposed integrated telecommunications solution components shall function in a seamless manner of compatibility.*

All other terms and conditions remain unchanged.

Regards,

**Mr. M.S. Dlamini**
