INTRODUCTION

- 1.1 Section 69 of the Municipal Systems Act 32 of 2000 (“the Systems Act”) which refers to Schedule 2 section3(e) states that – A staff member of a municipality is a public servant in a developmental local system, and must accordingly – “ participate in the overall performance management system for the municipality, as well as the staff member’s individual performance appraisal and reward system, if such exists, in order to maximize the ability of the system as whole to achieve its objectives and improve the quality life of its residents”.
- 1.2 The aforementioned Act, read with the Contract of Employment concluded between the parties, requires the parties to conclude an annual performance agreement.
- 1.3 The parties wish to ensure that they are clear about the goals to be achieved, and secure the commitment of the **Employee** to a set of outcomes that will secure local government policy goals
- 1.4 The performance of each **Employee** in relation to his / her performance agreement shall be reviewed on the following dates with the understanding that reviews in the first and third quarter may be verbal if performance is satisfactory:
- 1.5 In terms of the Municipal Performance Regulations 26(5) and 27(4)(a)(i), The annual performance appraisal must involve: (a) Assessment of the achievement of results as outlined in the performance plan: (i) Each KPA should be assessed according to the extent to which the specified standards or performance indicators have been met and with due regard to ad hoc tasks that had to be performed under the KPA.
- 1.6 The criteria upon which the performance of the employee must be assessed consist of two Components, both of which must be contained in the performance agreement. The employee must be assessed against both components, with a weighting of 80: 20 allocated to the Key Performance Areas (KPAs) and the Core Competency Requirements (CCRs), respectively. Each area of assessment will be weighted and will contribute a specific part to the total score. KPAs covering the main areas of work will account for 80% and CCRs will account for 20% of the final assessment

2. Summary over per department

Level	CORP	MM	FIN	TECH	COMM	PED	Total	%
5	1	0	1	3	4	2	11	10%
